WHY WOULD OVER 5000 OPINION LEADERS BUY THE CAPITALINE CORPORATE DATABASE.

The reason why Capitaline corporate database is the first choice of the wide gamut of clients such as stock broking firms, private equity firms, AMCs, C.A. Firms, insurances cos.corporates and top business schools is not our aggressive sales talk, but we deliver:

- 1) Extensive, accurate and reliable data on companies which run into 1500 financial fields.
- 2) Regular and timely updates.
- 3) Prompt and courteous after-sales service and hands-on training by a team of committed professionals.
- 4) And of course, the powerful yet easy programme to use the database.

MORE THAN 100000 PRODUCTS HARMONISED ON BRUSSELS NOMENCLATURE AND PACKED INTO ONE CORPORATE DATABASE

The Brussels Nomenclature is an internationally accepted standard that assigns every single commodity and product an eight-digit code. Every global trade document, freight receipt and insurance policy identifies these commodities and products by the BHN. Capitaline has codified over 100000 products and for every codified

ALL YOU NEED TO CONVINC YOUR FII CLIENTS IS TO GENERATE FINANCIAL REPORTS IN CURRENCIES OF THEIR CHOICE

When you present equity research reports to your Foreign Institutional Investor clients, it always helps to talk in terms of their currencies. And in terms of million, rather than in crores. Capitaline offers you the unique facility of recasting entire balance sheet, query reports or inter company comparisons in the currency and unit of your client's choice. So that they can make meaningful comparison.

ANY COMPANY MAKES SENSE ONLY IN RELATION TO OTHER COMPANIES SCOREBOARD GIVES A BIRD'S EYEWIEW.

The Scoreboard module helps you do detailed comparison between selected companies. For instanc, you can choose all companies in cement industry, and define the parameters like sales, operating profit, net profit, margins, tax expenses etc.

WHEN YOU SEE DIFFERENT INDUSTRIES, ONLY INDUSTRY SPECIFIC FORMATS MAKE SENSE

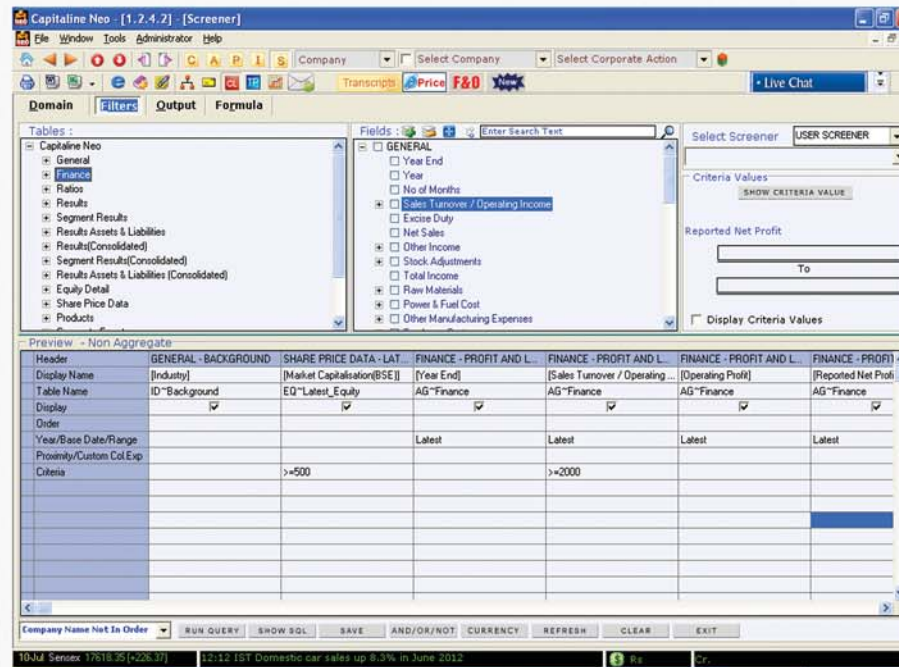

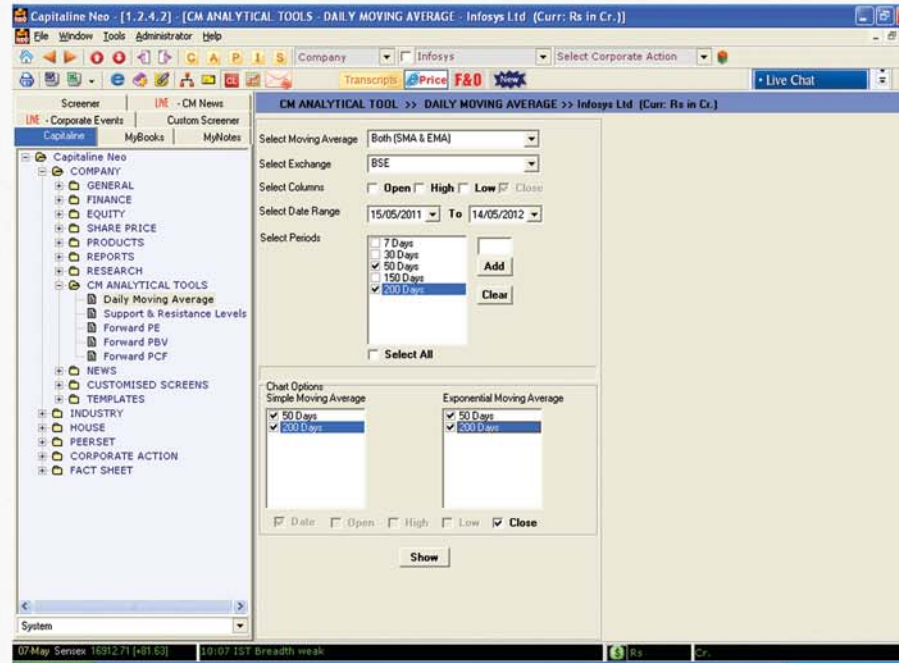

Presenting the financial data in seven formats: Manufacturing, Banking, Finance, Software, Shipping, Hotel & Power. A Balance Sheet or P&L can be read at different depths.

EXPLORE THE INVESTMENT OPPORTUNITIES WITH THE HELP OF ADVANCED ANALYTICAL TOOLS

Simple/exponential moving average, support & resistance levels, forward pe/pbv/pcf are some of the parameters on which stocks can be assessed.

TRACK CHANGING ECONOMIC SCENARIO, MACRO ECONOMIC DATA OF THE INDIAN ECONOMY.

Need data on IIP/FII/DII, or WPI/CPI, other fiscal indicators, Inflation, GDP, forex and current rates, Capitaline can satisfy all your demands. It comes complete with Annual Budget proposals, and detailed commentary thereon

CAPITALINE
