

Ground Transport (Airport to Windsor Suites Hotel) Options for ICISTM 2010

There are 4 transport options from the airport to the hotel ordered by value:

1. Use the service of a particular private company that has been requested to handle ICISTM 2010 transport. The details are attached below. Please read carefully as you do need to email them some information and look for "ICISTM" board and also walk to the right gate. This company will also have a booth at the conference to propose tour options for you while in Thailand. Cost: 350 baht per head (may consider tipping 20 baht). Pros: Low Price, Good Service (will help you with phone card and other information), safe. Cons: Van leaves per hour so may have to wait a bit, may have to push your luggage cart a bit further to get to the van.
2. Use public metered taxi. This is available as soon as you exit the airport. Total Cost About: 50 for airport use + about 70 baht for tollway (maybe a bit more or less depending on use of tollway) + about 300-400 baht meter cost (no tip is expected for taxis in Thailand, except you may give them coin change). Pros: Low Price, Taxi driver is registered at airport so relatively safe, right outside airport exit so a very short walk, no need to wait for anyone to pick you up. Cons: Taxi drive may take you the long route or may make stops at some shopping center to try to get "commission".
3. Hotel Limousine. Please contact hotel and get confirmation. Total Cost: 1,500 baht (a tip of 50 baht is recommended). Pros: Safe, Short walk to Limo, No fuss. Cons: Expensive, Must spot the driver holding your name.
4. Use Limousine Service at Airport. Cost: 1,500 baht (no tip is expected). Pros: Safe, Short Walk to Limo, No Fuss, no need to spot driver. Cons: Expensive.
