

# ICISTM 2010

4th International Conference on

## Information Systems, Technology and Management

10-12 March 2010, Bangkok, Thailand.

*Call for*

### **Tutorials and Workshops**

Riding on the success of the past three conferences, twice in India and once in Dubai, the 4th ICISTM will be a 3-day conference in Bangkok. It aims to bring together researchers, developers, and users from around the world in both industry and academia for sharing state-of-the-art results and for exploring new areas of research and development in the knowledge economy. Topics of interest include, but are not

Artificial Intelligence and Machine Learning

Mobile and Heterogeneous Systems

CRM and Decision Support Systems

Process Reengineering

Distributed Systems

Risk Management

Database Management

Security and Privacy

E-Business, E-Entrepreneurship, E-Learning,

E-Logistics

Enterprise Information Systems

Strategic Information Systems

Knowledge Management

Supply Chain Information Systems

Knowledge Discovery and Data Mining

Technology Management

Information Economics

Web and Grid Services

Information Infrastructure, Quality, and Integrity

Workflows and Data and Tool Integration

Proposals for workshops running concurrent with the main conference on specialized topics within the broad areas of information systems, information technology and information management are invited.

Proposals are also invited for special sessions comprising three to five papers on a specific topic within the broad areas of information systems, information technology and information management.

Proposals for half-day tutorials on topics of interest also invited.

Workshop/Special Session proposal submission deadline: September 18, 2009

Tutorial proposal submission deadline: September 18, 2009

Proposals to be e-mailed to Workshops and Tutorial Chair. Respondents are encouraged to contact Workshop and Tutorial chair to discuss potential topics to avoid redundancy.

For Conference details please visit: <http://www.mdi.ac.in/icistm/>
