About IIC

In the year 2018, the Ministry of Education (MoE) through MoE's Innovation Cell (MIC) launched the Institution's Innovat[illegible]ouncil (IIC) program in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the cultur[illegible]vation and start-up ecosystem in education institutions. Primarily, IICs' role is to engage large number of faculty, [illegible] various innovation and entrepreneurship related activities such as ideation, Problem solving, Proof of Conc[illegible] Thinking, IPR, project handling and management at Pre-incubation/Incubation stage, etc., so that innovation and entrepreneurship ecosystem gets established and stabilized in HEIs. The IIC model is designed to address the existing challenges/issues in HEIs such as less numbers, occasional and unplanned Innovation & Entrepreneurship (I&E) activities organised in HEIs with low involvement of top leadership, lack of coherence and absence of synergy in resource mobilization, deployment and underutilization of creative potential of youths as major barrier for vibrant I&E ecosystem to emerge from HEIs.
